# Distinguished Budget Presentation Award

PRESENTED TO

**City of Webster** 

**Texas** 

For the Fiscal Year Beginning

October 1, 2018

Christopher P. Morrill

**Executive Director** 

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of Webster, Texas for its annual budget for the fiscal year beginning October 1, 2018. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine eligibility for another award.

# City of Webster Mission

It is our mission to promote the health, safety, and welfare of all citizens while maintaining cost efficient programs that enhance the quality of life for our community.

## **Introduction to the Budget Document**

The City of Webster Annual Budget provides citizens, staff, and other readers with detailed information about the City's operations. The Annual Budget serves as a

- Policy Document to describe financial and operating policies, goals, and priorities for the organization;
- Financial Plan to provide revenue and expenditure information by fund, department, division, category, and account;
- Operations Guide to describe the goals and objectives for the fiscal year; the workload measures to track the activities performed; the performance measures to track progress on the goals and objectives; and the general workforce trends; and as a
- > Communications Device to provide information on planning processes, budgetary trends, and integration of the operating and capital budgets

#### **Budget Overview and Summary Information (Page 2 – 55)**

#### Introduction

This section includes the City Manager's Budget Message which addresses the Mayor, City Council, and citizens of Webster regarding major policies and key issues that impacted the development of the Annual Budget. This section also contains the City's vision and goals, a budget calendar flow chart, fund structure, organization chart, and employee count history.

#### **Policies**

This section includes the City's financial management policies.

#### **Budget Summaries**

Several consolidated schedules of all City funds are presented to give an overall perspective of the upcoming budget as well as historical, estimated and projected fund balances.

#### **Operating Budgets (Page 56 - 243)**

#### **General Fund Overview**

This section describes and analyzes the General Fund using a combination of narrative, tables, and graphs to highlight key aspects of the budget including revenues, expenditures, and fund balance. A brief description is given of the sources, trends and assumptions made for major revenues. Expenditure information is detailed by division, category and account. Also included is a listing of requested and approved supplemental packages for the upcoming budget year.

#### General Fund

This section provides strategic, operational, performance, and budgetary information for each of the City's divisions within the General Fund (organized by function). Function pages include a list of the divisions that make up each governmental function; a mission statement for each function; significant achievements from the previous fiscal year; city-wide goals that are being addressed during the year; and financial summaries and charts. Each division's operating budget includes a description of the division; goals and action items with their relationship to the overall City goals; workload and performance measures; significant changes for the upcoming budget year; and a personnel summary. Expenditure budgets for each division are detailed by account.

#### General Debt Service Fund

This section outlines the City's tax-supported debt. Amortization schedules for all outstanding debt are provided.

#### Operating Budgets for Other Funds

The operating budgets for the other funds of the City are presented in a manner similar to the General Fund. The overview page includes a description of the fund along with a fund balance history. Revenue and expenditure/expense budgets are detailed by account. Additional summaries are presented for the Utility Fund.

#### Capital Improvements Program (Page 206 - 231)

This section presents the City's plan for development for Fiscal Years 2020 - 2024. Components of this section include:

- An overview of the Capital Improvements Program;
- A narrative summary of projects;
- A five-year plan detailing expected project expenditures, potential sources of funding, and possible future impacts on operating budgets resulting from additional O & M expenditures;
- A summary of unobligated fund balances in capital projects funds.

#### Webster Economic Development Corporation (Page 232 - 243)

The operating and debt service budgets for the Webster Economic Development Corporation are presented in a similar fashion to the General Government. The overview page includes a description of the fund followed by a fund balance history. Achievements, goals, and significant changes to the budget along with workload measures and performance measures are highlighted in the mission statement. Revenue and expenditure budgets are detailed by account. Amortization schedules for all outstanding debt are also provided.

#### **Appendix (Page 244 - 261)**

This section contains supporting information, such as a chart of accounts, a glossary, and a listing of acronyms.

#### OFFICE OF THE CITY MANAGER

September 17, 2019

#### TO THE HONORABLE MAYOR, MEMBERS OF CITY COUNCIL AND CITIZENS OF WEBSTER:

It is an honor to serve the City of Webster and work with this wonderful staff. On behalf of our staff, it is my privilege to present this Annual Budget for the fiscal year beginning October 1, 2019 (FY 2019-20). The staff and I will work diligently to administer this budget in a manner to provide exceptional service to the residents and visitors of Webster.

The attached document represents the City's financial plan and operations guide for the next fiscal year. It includes the performance—oriented budgeting principles that are mandated by Council. The budget identifies issues confronting the community and provides a plan for serving and meeting citizen expectations. The upcoming fiscal year will bring many opportunities as well as some difficult tasks. I have the utmost confidence that our employees have the talent and dedication to adapt and excel as we meet these challenges.

After Hurricane Harvey dumped fifty-four inches of rain on the area in August 2017, sales tax revenue surged to record levels over the subsequent fourteen months as those who suffered damage during the storm came to Webster to buy furniture, flooring, and other items that had to be replaced. Since peaking in October 2018, however, cumulative sales from existing stores have been falling by just under two percent each month. Offsetting that slide to some extent, Costco Wholesale Corporation celebrated the grand opening of its new warehouse in October 2018; Exclusive Furniture opened its 50,000 square foot store a few months later. The grand scale of American Furniture Warehouse was revealed as they opened their 150,000 square foot showroom in September 2019. Due to the magnitude of this store and the unpredictable nature of the business, it will take several months into the fiscal year before we can determine American Furniture Warehouse's effect on sales tax revenue.

The State of Texas has placed a revenue constraint upon all Texas cities with the passage of Senate Bill 2 during the 86<sup>th</sup> Legislative Session. The Texas Property Tax Reform and Transparency Act of 2019 caps property tax increases without voter approval at 3.5 percent instead of 8 percent. There is an exception for small cities like Webster that allows an increase of \$500,000 under certain circumstances. Although the January 1, 2020, effective date of the law does not affect property tax revenue for the upcoming fiscal year, there is no doubt that the lower property tax cap will limit a city's ability to raise revenue for both essential and quality of life services in the future.

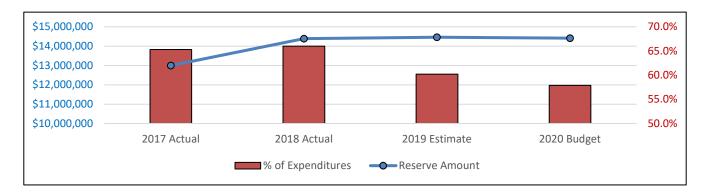

The FY 2019-20 Annual Budget includes total resources of \$47,043,960 and expenditures of \$41,787,260, including transfers and planned use of fund balance. For perspective, the current amended budget for FY 2018-19 contains resources of \$45,696,470 and expenditures of \$41,387,500. This message discusses, by fund, the major issues, initiatives, and assumptions addressed in the budget.

#### MAJOR ISSUES - GENERAL FUND

The General Fund is the chief operating fund of the government. It is used to account for all current financial resources not required by law or administrative action to be reported in other designated funds. The primary governmental functions occurring within this fund are public safety, public works, community development, and general administrative operations such as city management and finance.

#### **GENERAL FUND RESERVE LEVEL**

The City has followed a policy of maintaining a reserve level of not less than 25%, or three months of expenditures, for all operating funds in the event of emergencies, financial recessions, and other unforeseen circumstances. The City's dependence upon sales tax revenue adds substantial volatility to its revenue stream. Therefore, City Council has approved an unassigned spendable fund balance (reserve) level of at least 33% for the General Fund and the Webster Economic Development Corporation. Below is a chart of the General Fund's unassigned spendable balances for the past two years, an estimated balance for the fiscal year ending September 30, 2019, and the projected balance for the fiscal year ending September 30, 2020.

#### **GENERAL FUND REVENUES**

The General Fund receives revenue from several sources. Foremost among them is sales tax. Below is a discussion of the significant revenues.

#### Sales Tax

Fifty-six percent of General Fund revenue is derived from sales taxes. The FY 2019-20 Annual Budget anticipates revenue to grow by four percent to \$13,760,000. The gain can be attributed to the opening of American Furniture Warehouse. However, the growth stemming from that new

store will be partially negated by the loss of a major retailer, Burlington Coat Factory, which is expected to close in the first quarter of 2020. The moderate uptick follows a sales tax decline of two percent with the conclusion of the "Harvey effect" in 2019.

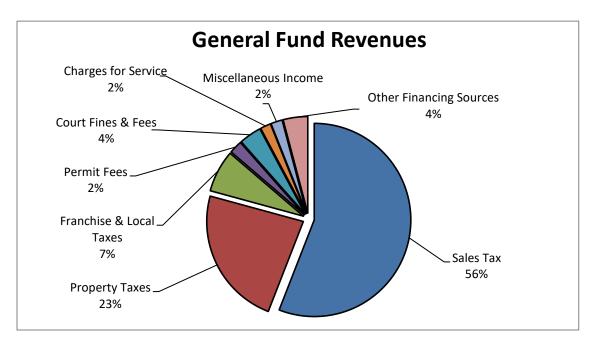

#### **Property Tax**

Another large revenue source in the General Fund is the ad valorem tax. Webster's ad valorem tax rate is comprised of two components. The first is the operations and maintenance component that provides revenue for the City's General Fund operations. The second component is the debt portion that provides revenue to pay the City's general debt service obligations.

The Harris County Appraisal District reports that the taxable value of property located within the city has increased by eleven percent to \$2,359,281,664. Current property tax revenue of \$6,025,000 is budgeted. The FY 2019-20 Annual Budget reflects a property tax rate of \$0.36200 per \$100 of valuation, four percent greater than the \$0.34794 tax rate that was adopted for 2018. The increase to the property tax levy is necessary due to the jump in expenditures for FY 2019-20 and the forthcoming tax revenue constraints.

#### **Other Revenues**

Construction permit fees fall by twenty percent after major commercial construction projects were completed during the year. Telecommunications fees are expected to decline by forty percent after the Texas Legislature passed another harmful law that allows providers of bundled cable and phone services to pay either the cable franchise fee or the telecommunications fee, whichever is higher; the new law eliminates the requirement to pay both fees. The City of Webster expects to lose approximately \$50,000 due to the change. Interest income continues to grow as yields have risen above two percent. Most other revenues remain relatively stable.

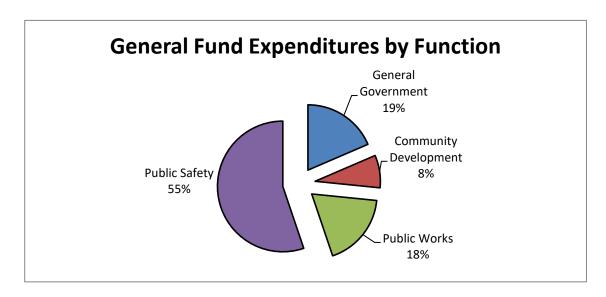

#### COMPENSATION

Maintaining a competitive compensation program is a key component to attract and retain qualified employees. Additionally, recognizing employees for their job performance is an essential motivational tool. The City Council has proven its commitment to this philosophy by including the below items in the FY 2019-20 Annual Budget:

- Depending upon an individual's performance, employees are eligible to receive a 2.5% or 5.0% increase in pay as part of the normal review cycle. Total personnel costs climb by \$472,000 to \$18,825,630 as a result.
- After experiencing few claims during the year, health insurance premiums are expected to fall by one percent.
- A compensation study was recently performed to identify any employee whose salary should be adjusted to remain congruent with the market. We provided the consultant with employee salary information, and the City has received the final report and recommendations from the firm. The data indicates that the vast majority of employees are receiving appropriate compensation.

#### **GENERAL FUND EXPENDITURES**

There are four governmental functions within the General Fund: public safety, public works, community development, and general government. Protecting constituents from harm is the primary responsibility of government. The FY 2019-20 Annual Budget allocates fifty-five percent of General Fund expenditures for public safety. The general government function, which is administrative in nature, comprises nineteen percent. Public works and community development make up eighteen and eight percent of the budget, respectively.

#### **PUBLIC SAFETY**

Police and Fire are the two departments that provide the Public Safety function. Police contains four divisions: Administration, Crime Investigation, Patrol, and Communications. Fire consists of two divisions: Prevention and Operations.

#### **Police Department**

The most significant expenditures in the General Fund are related to police protection. By far the largest department in the City, the budget for the Police Department expands from \$8,982,490 to \$9,207,790. Some noteworthy items for the Police Department include:

- One Sergeant position transfers from the Communications Division to the Administration
  Division to focus on the professional standards for the department. The management
  functions of the Communications Division will be absorbed by the Administration Division
  for greater efficiency.
- In the Administration Division, the appropriation for office furnishings surges by \$132,500
  to replace furniture and chairs throughout the police building. Much of the existing furniture
  is nearly twenty years old.
- It is vital that a police department builds a relationship of trust with the community through engagement and partnership. For this reason, the Administration Division budget includes a supplemental request of \$30,000 to expand its public outreach event.

#### Fire Department

Fire prevention, fire suppression, emergency medical services, and emergency management remain a high priority. The FY 2019-20 Annual Budget incorporates expenditures totaling \$4,507,680, an increase of \$27,200 over FY 2018-19. Major changes include:

- Response times are greatly dependent upon the flow of vehicle traffic. Service contract expenditures in the Operations Division budget includes \$55,000 for traffic preemption software and equipment on a subscription basis.
- New technology provides the tools for incident assessment and realistic fire safety training.
   Capital outlay in the Prevention Division budget reflects supplemental requests totaling \$19,000 for a drone and equipment to teach children about fire safety at home.
- In the Operations Division, the transfer for future equipment replacement falls by nearly \$50,000 after deployment funds were side aside last year.

#### **PUBLIC WORKS**

Within the General Fund, Public Works consists of three divisions: Administration, Maintenance, and Parks Maintenance. Public Works is responsible for the construction and maintenance of streets, sidewalks, and City facilities; landscaping of parks and medians; repairs to City vehicles; and animal control. The budget for Public Works goes up by \$566,830 in FY 2019-20 from \$3,957,030 to \$4,523,860 with changes to the following:

- The appropriation for professional services in the Administration Division reflects a supplemental request of \$54,500 to hire a consultant to perform a trails study to firm up the costs of the east-west shared use path that is currently in the Capital Improvements Program and to explore grant opportunities for funding.
- In the Maintenance Division budget, \$605,000 is included to overlay pavement on Commerce Street and to construct sidewalks along Bay Area Boulevard and Medical Center Boulevard. The budget also contains a \$48,000 supplemental request to install lighted street signs at designated intersections on NASA Parkway.
- The flooring and lighting for the Texas Avenue Park pavilion must be replaced, and the splash pad must be repainted. Building maintenance costs in the Parks Maintenance Division climb by \$142,000 for these items. Other projects include replacing the lighting at Walnut Park for \$86,281.

#### **COMMUNITY DEVELOPMENT**

There are three divisions within Community Development: Administration, Building, and Recreation. Duties of Community Development are comprehensive land use planning; building permitting and inspection; code enforcement; and recreation and educational program development. The budget decreases by \$26,880 to \$2,003,530 with these notable items:

- The Recreation Division will enhance the quality and promotion of community events that are held in Texas Avenue Park for the sum of \$16,000.
- The July 4<sup>th</sup> celebration gets more spectacular each year. Consequently, the Recreation Division budget contains a supplemental request in the amount of \$22,230 for an electronic firing system for the fireworks. This will be attached to the trailer that was purchased during FY 2018-19.
- Expenditures for information technology fall by a total of \$31,400 to reflect changes to the allocation schedule that is used to spread Information Technology Fund costs among all divisions of the City.

#### **GENERAL GOVERNMENT**

Seven divisions deliver the general government function of the City: City Council, City Secretary, City Manager, Finance, Municipal Court, Human Resources, and Economic Development. It is the mission of these divisions to effectively execute polices, programs, and directives of the City in a practical, accountable, and transparent manner. Appropriations for this endeavor total \$4,646,860, an increase of \$82,300 over the previous year.

- A tuition assistance program that reimburses employees for tuition and books has been offered by the City for many years. As participation continues to grow, the appropriation for this expenditure doubles to \$80,000.
- The Economic Development Division introduces a bimonthly advertisement for new businesses that are located in Webster. Publication costs rise by \$18,000 for this additional marketing.
- Litigation costs remain at elevated levels due to ongoing lawsuits related to development and code enforcement proceedings.

#### **MAJOR ISSUES - UTILITY FUND**

The Utility Fund accounts for the City's water distribution, wastewater collection and treatment operations, and storm water pollution prevention program. Being an enterprise fund, it is designed to be financed and operated in a manner similar to private businesses. Accordingly, utility charges should be sufficient to cover annual operating and capital costs while providing income for future capital needs. The Utility Fund consists of three divisions within the Public Works Department: Water, Wastewater, and Drainage. Debt service for the Utility Fund is paid through the Utility Interest and Sinking Fund.

#### **UTILITY FUND REVENUE**

The consumption of water and collection of wastewater is projected to increase by seven percent for residential customers and three percent for nonresidential customers. Utility revenue is expected to increase by \$346,100 to \$6,478,800, excluding the use of reserves. After adjusting the various rates as discussed below, a typical resident who consumes 5,000 gallons of water will see an increase to his utility bill in the amount of \$0.38 per month.

#### **Water Rates**

In May 2017, City Council approved a new five-year rate structure that was recommended by a consultant. Conforming to the plan, the base rates for water rise by two percent for all meter sizes. Volumetric rates do not change from the previous year. A summary of the monthly volumetric water rate charges per 1,000 gallons is shown on the following page.

Class	Current	Adopted
Residential	\$ 3.81	\$ 3.81
Apartment	\$ 4.59	\$ 4.59
Commercial	\$ 4.13	\$ 4.13

#### **Wastewater Rates**

The base rate for wastewater collection and treatment grows from \$9.27 to \$9.55 per 1,000 gallons. There is no modification to the volumetric rate for all customer billing classes. The schedule below reflects the monthly volumetric wastewater rates:

Class	Current	Adopted
Residential	\$ 5.29	\$ 5.29
Apartment	\$ 5.29	\$ 5.29
Commercial	\$ 5.29	\$ 5.29

#### **Drainage Rates**

The drainage rates that are listed below remain unchanged for FY 2019-20.

Class	Adopted
Houses	\$ 1.24 flat rate for all houses
Apartment / Condominium \$ 0.733 per 1,000 sq. ft. of impervious surfa	
Nonresidential	\$ 0.767 per 1,000 sq. ft. of impervious surface

Below is a comparison of the amounts charged by some of our surrounding cities to residential water and wastewater customers who consume 5,000 gallons through a 5/8<sup>th</sup>-inch meter.

City	Total	City	Total
Pasadena	\$41.22	Nassau Bay	\$54.55
Webster	\$43.74	Seabrook	\$61.71
Friendswood	\$46.95	Pearland	\$64.86
Humble	\$47.25	Houston	\$65.35
League City	\$51.15	Baytown	\$66.33

#### WATER

The Water Division's primary responsibility is to operate and maintain the water plants and distribution system in an efficient manner. Expenses climb from \$2,683,800 to \$2,915,820 in FY 2019-20. Some of the changes to the Water Division include the following:

- Webster purchases surface water from the City of Houston. Southeast Water Purification Plant expenses grow by \$89,240 due to a greater volume of consumption and elevated capital costs.
- Water system maintenance costs grow by \$30,000 to replace water well meters and clean water lines.
- Proper maintenance and monitoring of critical infrastructure is paramount to ensuring safe and reliable operation. Therefore, the Utility Fund budget includes a supplemental request of \$90,000 to implement an asset management software system that will integrate with the geographic information system. This system will be used to accurately track maintenance and repairs to all utility infrastructure. The costs are shared between the Water Division and the Wastewater Division.

#### **WASTEWATER**

This division protects the public health through the collection, treatment, and disposal of wastewater in accordance with all local, state, and federal regulations. The FY 2019-20 Annual Budget reduces total expenses by \$15,200 to \$2,617,620. Highlighted Wastewater Division deviations are shown below.

- The City has been performing major maintenance on the wastewater treatment plant over the past few years. Expenses in FY 2019-20 fall by \$275,800 after replacing the belt press during the previous year.
- Charges for professional services grow by \$180,000 to perform an infiltration and inflow study to identify the source of storm water that flows into the sanitary sewer system during heavy rain events.
- Building maintenance expenses increase by \$47,500 to replace air conditioners and roofs at some of the utility facilities.

#### **DRAINAGE**

This division protects the public health through the maintenance of the drainage system in accordance with all regulatory agencies. The budget shrinks by \$185,510 to \$276,340 with the following items:

- Collection system maintenance expense falls by \$135,000 after the storm sewers at Travis
   Street and Professional Park were repaired during FY 2018-19.
- After hiring a consultant to renew the storm water permit last year, charges for professional services decrease by \$25,000.

#### MAJOR ISSUES - SPECIAL REVENUE FUNDS

A special revenue fund is a governmental fund type used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes. The City's annual budget contains five special revenue funds. They are Hotel Occupancy Tax, Municipal Court Programs, Public Safety, Grant, and PEG Channel.

#### **HOTEL OCCUPANCY TAX FUND**

The Hotel Occupancy Tax Fund records the receipt and distribution of the City's hotel occupancy tax, which is levied at seven percent of the room rental rates. Authorized by state statute and approved by City Council, expenditures must promote tourism and the hotel industry. Nineteen hotels are currently located in the City of Webster with another to open in the coming months. Revenue is expected to grow by ten percent to \$1,650,000 after the occupancy tax rate was raised from five to seven percent effective March 1, 2019.

#### **MUNICIPAL COURT PROGRAMS FUND**

This fund is used to promote judicial efficiency, provide security for the courtroom and court officers, and support school crossing guards and child safety programs. It is also used to enhance and upgrade court technology. Expenditures for the fiscal year total \$59,000.

#### **GRANT FUND**

The purpose of this fund is to account for the receipt of grant funds from the State or Federal government. The specific grants included in the budget may or may not be awarded to the City. For FY 2019-20, the City may apply for grants totaling \$53,000.

#### **PUBLIC SAFETY FUND**

The Public Safety Fund includes various donations, contributions, and auction proceeds from seized property. The receipt and disbursement of these funds are sporadic in nature. Expenditures of \$46,000 are anticipated.

#### PEG CHANNEL FUND

This fund was created to amass money for a public, educational, and government access channel. Funding for this channel is derived from local cablevision franchisees in accordance with Chapter 66 of the Texas Utilities Code. The FY 2019-20 Annual Budget anticipates annual revenue of \$35,000. No expenditures are anticipated.

#### MAJOR ISSUES - DEBT SERVICE FUND

This fund is used to accumulate a dedicated portion of property taxes for payment of the City's general debt. Additionally, the Webster Economic Development Corporation transfers \$330,030 into this fund to service the debt that was issued in 2001 for the renovation and expansion of the Emergency Operations Center and Police Department building. Revenue from property tax collections is expected to be \$2,488,120. Expenditure appropriations for FY 2019-20 total \$2,781,870.

Payments on tax-supported debt comprise less than seven percent of all appropriations included in the FY 2019-20 Annual Budget. Payments over the next two years will average \$2,781,000. If no additional debt is issued, the average annual debt service will fall considerably in FY 2021-22 to \$817,000. The current Capital Improvements Program does, however, reflect the possibility of incurring new debt to fund various projects. With proper planning and prudent judgment, the effect of debt service upon the operations of the city will remain minimal.

#### MAJOR ISSUES - INTERNAL SERVICE FUNDS

#### INFORMATION TECHNOLOGY FUND

The Information Technology Fund is an internal service fund that is used to account for all costs of providing general information technology services to the City. These activities are financed through charges to the user divisions for services rendered. The FY 2019-20 Annual Budget reflects expenses in the Information Technology Fund of \$775,520, a decrease of \$204,410 from the previous year, with these notable items:

- As the threat of cybercrime continues to increase, communications expense grows by \$17,800 to purchase additional software that will protect the city against such attacks. We will also expend \$25,000 for a comprehensive audit to analyze IT network vulnerability.
- Computer replacement costs fall by \$80,290 after replacing several obsolete servers during FY 2018-19.
- The City's computer network infrastructure must be maintained at current standards. The transfer to the IT Projects Fund shrinks by \$200,000 after all city buildings were rewired with modern fiber optic cables last year.

#### **EQUIPMENT REPLACEMENT FUND**

The purpose of this fund is to provide for the replacement of vehicles and equipment as necessary based upon mileage, age, or maintenance costs. All divisions will transfer 100% of the scheduled contribution amount in FY 2019-20. The \$594,000 expense budget contains the replacement of thirteen items. A breakdown by department is shown below.

Department	Vehicles/Equipment
Community Development	1
Public Works	2
Police	8
Water	2

#### **EMPLOYEE BENEFIT TRUST FUND**

The purpose of this fund is to account for all costs of providing health and dental insurance to employees. Each division is charged based upon the number of employees and the type of insurance coverage they select. The FY 2019-20 Annual Budget anticipates expenses of \$2,452,000.

#### **CONCLUSION**

Conservative management has placed the City of Webster in a sound financial position. The General Fund and Utility Fund have healthy reserves. Major economic development solidifies the sales tax base. Property tax rates, while remaining lower than most cities, must increase to fund capital projects. The City must also prepare for the potential threat to its revenue stream from both business and legislative actions.

I would like to thank the Mayor and members of the City Council for their confidence and for leadership and dedication to the citizens of Webster. I also wish to express my appreciation to City staff, particularly the Finance Department, who contributed many hours of hard work to bring this budget to fruition.

Respectfully,

Danny Presley

City Manager

## **History of Webster**

James W. Webster, a steamboat operator based in Galveston, brought a group of English settlers to this area in 1879. About 1882, a post office was established for the area and named Websterville. Ten years later, the area was surveyed to create a town site named Webster. Mrs. Allen, daughter of J. W. Thompson, a general store owner and postmaster, established the first school in Webster in 1893. It was located near the present elementary school on Walnut Street.

Ranching was well established in the area along Clear Creek when the first English settlers arrived. The mild climate and fertile soil also attracted farmers who planted a wide range of fruits and vegetables, including okra, beans, onions, carrots, figs and strawberries. Satsuma orange groves were planted in the early 1900's, followed by pear orchards.

Rice was emerging as a major cash crop in 1903 when the Houston Chamber of Commerce invited Seito Saibara of Japan to advise farmers on the cultivation of rice. The Saibara family settled in Webster and planted a field with Shinriki seed, a variety superior to native rice. Over the years the Saibaras aided the Texas rice industry with improved strains of rice and agricultural techniques. Webster was described as "the cradle of the Texas Gulf Coast rice farming industry" in 1961. Seito Saibara is credited with spawning the multi-million dollar Texas rice industry.

Webster has had its share of tragic events and setbacks. Only a few houses remained standing after the great 1900 hurricane, which killed thousands in Galveston. About half of Webster's population left after the storm. Just when Webster began prospering again, an early, severe freeze decimated the local orange industry in 1916. Pear orchards suffered a similar fate. Built in 1911, the Webster State Bank closed in 1916 after the orange groves failed. Webster remained a quiet farming and ranching community over the next few decades. Cattle, rice and truck farming provided residents and businesses the sustenance to maintain a fairly stable population.

One of the most important oil booms in the nation arrived in the early 1930's with the discovery of oil in what is known as the "Webster-Friendswood Field." The known reserve of 450,000,000 barrels produced 15,000 barrels a day. Humble Oil (now Exxon) was the principal and major producer in the field. The Humble Tank Farm and the discovery of oil helped boost the area's economy. Later, Houston Lighting and Power Company's Webster Generating Station provided tremendous benefits to the small community by contributing significantly to its tax base.

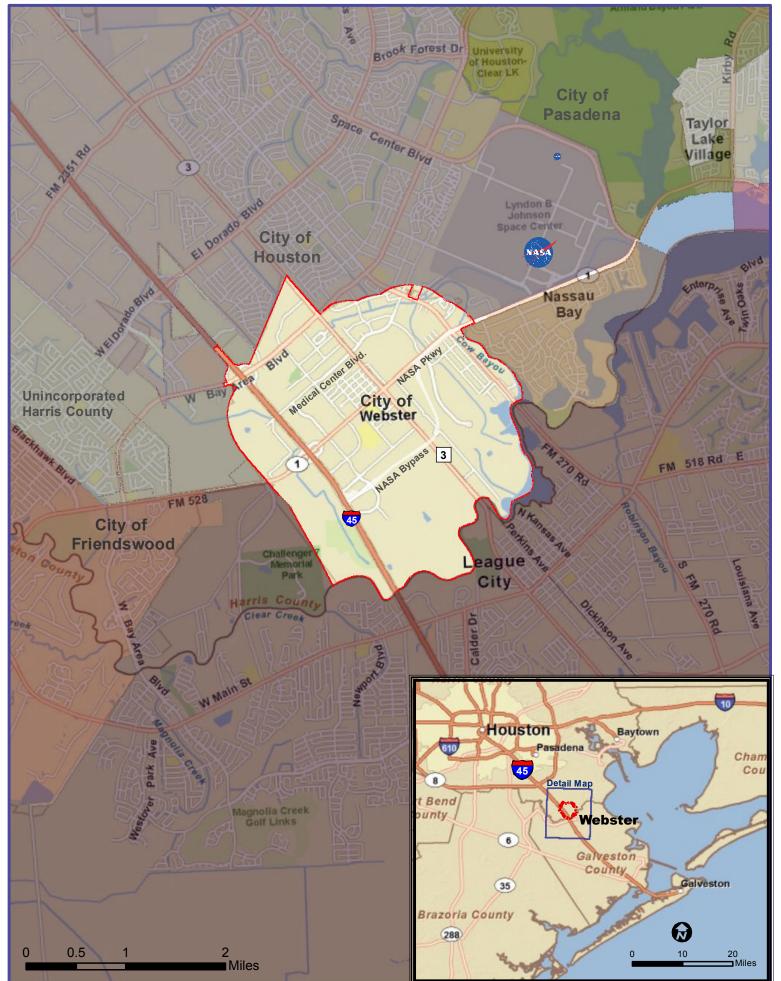

Webster was considered a village until 1958. A referendum was held that year for incorporation. It passed, 108 to 3. The coastal prairie community would now ride its wave into the future as a "city." Webster's population grew from 329 in 1960 to over 2,000 by 1970. The construction of the Manned Spacecraft Center (now Johnson Space Center) in 1961 sparked phenomenal growth and development over the entire Bay Area. Webster has continued growing steadily over the years and today boasts a population of over 10,000.

Although the City limits encompass only 6.67 square miles, Webster has become the commercial hub of Bay Area Houston. The City's retail strength is exemplified by featuring some of the top-performing stores within the entire Houston Metropolitan Area, within the State of Texas, and within the nation. Webster boasts eighteen hotels and more than 100 restaurants. Numerous healthcare facilities in the City accommodate more than 1,500,000 patients annually. With Johnson Space Center nearby, Webster is home to some of the top aerospace companies in the world. These all contribute greatly to Webster's economic vitality.

#### **Financial Policies**

#### Introduction

The financial policies establish a basic framework for the fiscal management of the City. The policies encompass requirements of the City Charter and the Texas Local Government Code. The policies provide a format to evaluate the City's operations and the authoritative procedures by which the City conducts its financial affairs. A periodic review is conducted and modifications are made to accommodate the needs of the City.

#### **Fiscal Year**

The City operates on a fiscal year that begins on October 1 and ends on September 30 of the succeeding year. The fiscal year will also be established as the accounting and budget year.

#### **Budget Administration**

The City will maintain a budgetary control system to ensure expenditures are made in accordance with the adopted annual budget and the City Charter. Expenditures for each division shall not exceed the adopted budget for the division. The budgetary control level (that is, the level at which expenditures cannot legally exceed the budgeted amount) is established at division levels within an individual fund. Budgetary control is achieved through a computerized purchase order system, which does not allow for processing if sufficient funds are not available at the individual expenditure account level within a division. Budgetary control for the capital projects funds is achieved through legally binding construction contracts.

The City Charter requires the City Manager to submit a balanced budget to the Mayor and Council at least sixty days prior to the beginning of the fiscal year. A budget is considered balanced when expected resources, including the use of accumulated reserves, exceed or are equal to anticipated expenditures. The budget is approved in the form of an appropriations ordinance. During the year, the City Manager has the authority to transfer budgeted amounts between accounts within any division, but changes to the total appropriation level for a given division can only be enacted by the Mayor and Council through a budget amendment ordinance.

The City uses a program-based budget approach to operating expenditures. Each year every activity and program is evaluated anew; goals and objectives are set for the coming year; and costs are analyzed on a line by line basis.

The Annual Budget includes appropriations for all City operating funds. Capital projects funds are presented separately in a dedicated section. Appropriations for the annual operating budget lapse at the end of each fiscal year. Appropriations for capital projects carry over until project completion.

Under the City's budgetary process, outstanding encumbrances at the end of the fiscal year are reported as reservations of fund balances; they do not constitute expenditures or liabilities.

#### **Basis of Accounting and Budgeting**

The City of Webster's annual budgets shall be prepared and adopted on a basis consistent with generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB) and other recognized professional standards for all governmental and proprietary funds.

#### Governmental Funds

Accordingly, all governmental fund budgets are presented using the current resource measurement focus and modified accrual basis of accounting. Under this method of accounting, revenue and other governmental fund resources are recognized in the accounting period in which they become susceptible to accrual – that is, when they become both "measurable and available" to finance current operating expenditures for the fiscal period.

In applying the susceptible to accrual concept to real and personal property tax revenue recognition, "available" means property tax revenue is recognized currently if levied before the fiscal year end and collected by intermediaries within 45 days after the fiscal year end (considered the availability period). Sales taxes, franchise fees, hotel occupancy taxes, permit fees, fines and forfeitures, charges for service, and miscellaneous revenue (including interest income) are recorded as revenue when cash is received. Grant revenue, which is dependent upon expenditures by the City, is accrued when the related expenditures are incurred.

Expenditures in the governmental funds are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, if measurable. An exception to this general rule is principal and interest on long-term debt which are recognized when due.

Because the appropriated budget is used as the basis for control and comparison of budgeted and actual amounts, the basis for preparing the budget is the same as the basis of accounting.

#### Proprietary Funds

The City's proprietary funds budgets are presented using the economic resources measurement focus and accrual basis of accounting. Under this method of accounting, revenue is recognized when earned and become measurable while expenses are recognized in the period incurred, if measurable. For example, earned but unbilled utility revenues are accrued and reported in the financial statements the same way they are incorporated within the operating budget. The basis for preparing the budget is the same as the basis of accounting except for principal payments on long-term debt and capital outlay which are treated as budgeted expenses. Proprietary fund capital purchases are budgeted in the operating budget and recorded as expenses during the year; at year-end, they are capitalized for financial statement purposes. Depreciation and compensated absences are not recognized as budgeted expenses.

#### Revenues

For every annual budget, the City shall levy two property tax rates: operations & maintenance and debt service. The debt service levy shall be sufficient for meeting all principal and interest payments associated with the City's outstanding tax-supported debt for that budget year. The debt service levy and related debt service expenditures shall be accounted for in the General Debt Service Fund. The operations & maintenance levy shall be accounted for in the General Fund.

Revenues are budgeted conservatively using an objective approach to analyze historical data and inherent trends. Adjustments are made to account for known events and projected economic activity within the city and surrounding areas.

Revenue from "one-time" or limited duration sources will not be used to pay for recurring expenditures within the City's budget.

Restricted revenue shall only be used for the purposes legally permissible and in a fiscally responsible manner.

On an annual basis, the City will set fees and rates for the proprietary funds at levels to recover total direct and indirect operating costs, including capital outlay and debt service.

The City will follow an aggressive policy of collecting all revenues by reviewing its receivables annually and implementing collection procedures to obtain all revenues due to the City in a timely manner.

Fees for recreational activities will be set at levels determined by City Council to provide the activity in an economical manner for citizens.

#### **Expenditures / Expenses**

The City will budget, account, and report detailed expenditures in the following categories: personnel, supplies, maintenance, services, debt service, capital outlay, transfers, and other financing uses.

The City will constantly strive to improve the level of service for its citizens without an increased level of cost. The City will also seek to reduce the cost of the current level of services provided through innovative programs and initiatives.

Personnel expenditures will reflect the minimum staffing necessary to maintain the established quality and scope of city services. The City will maintain a market-competitive compensation and benefit package to attract and retain quality employees.

The City will provide for adequate maintenance of capital assets and for their timely replacement. Each division shall project future capital requirements for a minimum of five years in order to accommodate the acquisition of capital while maintaining a consistent level of expenditures for each budget year. Purchases of vehicles and major equipment are reported in the Equipment Replacement Fund.

The capitalization threshold for an asset is \$5,000. Minor equipment with a unit cost under \$5,000 is included in the supplies category of each division rather than treated as capital outlay.

#### **Cash Management / Investment Policies**

Investments and cash management will be the responsibility of the Director of Finance.

City funds will be managed in accordance with the prudent person standard with an emphasis on safety of principal, liquidity, and yield, in that order.

Investments of the City will be made in accordance with the City's adopted Investment Policy.

The City will diversify use of investment instruments to avoid incurring unreasonable risks inherent in overinvesting in specific instruments, individual financial institutions, or maturities.

Cash is combined into one pooled operating account to facilitate effective management of the City's resources and to maximize yield from the overall portfolio.

The Director of Finance shall present reports of the City's investments and cash position quarterly to the Mayor and City Council.

#### Accounting, Auditing, and Financial Reporting Policies

The City's accounting system will be maintained in accordance with generally accepted accounting principles.

The City places continued emphasis on the maintenance of an accounting system that provides strong internal budgetary and accounting controls designed to provide reasonable, but not absolute, assurances regarding the safeguarding of assets.

Quarterly, the City Manager shall submit to the City Council, a report covering the financial condition of the City. The financial report will compare actual revenues and expenditures to budgeted amounts for all major funds.

The City of Webster issues a Comprehensive Annual Financial Report (CAFR) within six months of the close of the previous fiscal year. The CAFR will be submitted annually to the Government Finance Officers Association for peer review as part of the Certificate of Achievement for Excellence in Financial Reporting program. All reports prepared by the auditors, and management's response to those reports, will be presented to the Mayor and Council at a regularly scheduled Council meeting.

An independent audit of the City of Webster is performed annually. The auditor's opinion will be included in the City's CAFR.

#### Fund Balance / Reserve Policies

On February 15, 2011, the City Council approved a Fund Balance Policy in compliance with Governmental Accounting Standards Board Statement 54. Included in the policy are the following provisions:

The City Council is the government's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Council at a City Council meeting. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

The City Council may assign fund balance to a specific purpose in relation to this fund balance policy. By resolution, the Council has also authorized the City Manager and Director of Finance to assign fund balance. Assignments of fund balance by the City Manager and Director of Finance do not require formal action by the City Council; however, each assignment must be approved by both authorized officials before the item can be presented in the financial statements.

The City will strive to maintain an unassigned fund balance of not less than 25% of the budgeted expenditures in all City operating funds. Due to the volatile nature of a majority of its revenues, it is not deemed excessive for the City to maintain fund balance in the General Fund and WEDC Fund at levels greater than 33% of the budgeted operational expenditures. The purpose of this unassigned balance is to alleviate significant unanticipated budget shortfalls and to ensure the orderly provisions of services to citizens. Should unassigned fund balance fall below the goal or has a deficiency, the City will seek to reduce expenditures prior to increasing revenues to replenish fund balance within a reasonable timeframe.

The City will try to avoid using fund balances for recurring operational expenditures. To the extent that the unassigned fund balance exceeds the minimum target, the City may draw upon the fund balance to provide cash financing for capital projects or other one-time purchases. Should economic projections and prudent measures warrant, City Council may also approve the systematic reduction of any excess fund balance as a tactic to prevent a tax increase.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category - spending those funds first - before moving down to the next category with available funds.

#### **Debt Management Policies**

City Council approved a comprehensive Debt Management Policy on September 2, 2014. The City will maintain debt management practices that will provide for the protection of bond ratings; the maintenance of adequate debt service reserves; compliance with debt covenant provisions; and appropriate disclosure to investors, underwriters and rating agencies.

The term of any City debt issue, including lease-purchases, shall not exceed the useful life of the assets being acquired by the debt issue.

All debt issuance shall comply with Federal, State and City charter requirements and adhere to Federal arbitrage regulations.

#### **Capital Projects**

Capital projects shall be submitted to the City Council for approval and shall include the following items:

- > A summary of the proposed programs;
- A list of all capital improvements which are proposed to be undertaken during the ensuing five fiscal years, with appropriate supporting information of the necessity for such improvements;
- > The cost estimates, method of financing, and recommended time schedules for each such improvement; and
- The estimated annual cost of operating and maintaining the facilities to be constructed or acquired.

The City will develop a multi-year capital projects plan and update it annually. The City will estimate the costs and potential funding sources for each capital project included in the plan.

The City shall utilize the most beneficial method of financing capital projects from the following sources: cash, bonds, short-term notes, joint financing with other governmental entities, special assessments, and federal and state grant programs.

The City will carry out the capital improvements plan and fund the capital project budgets in accordance with the capital projects plan.

The City will include the cost of operations of the capital project in the operating budget during the year of completion. Future operating costs associated with the new capital projects will be projected and included in the operating forecasts.

#### **Long-term Financial Plan**

The City Council establishes long-term priorities through various meetings, including the strategic planning session. These priorities are then incorporated into current and future budgets through departmental goals and objectives.

The City shall establish and maintain a long-term financial plan that projects future revenues, expenditures, fund balances, and cash flow needs. The plan is reviewed on an annual basis and adjusted, if necessary, to meet the needs of the City. Because of the inherent inaccuracy of forecasting revenues and expenditures for many years, the long-term financial plan is not published. It is, instead, an internal document that is used in preparing the annual budget.

### City of Webster Strategic Plan

The City of Webster updated and adopted its Comprehensive Plan in 2014. This plan establishes a vision for the City and provides policy guidance and direction for future growth and development. The Comprehensive Plan is a fluid plan, as it reflects and guides a dynamic, evolving municipality that is continuously changing. It is intended to be reviewed internally at periodic intervals to achieve viability, and accuracy. The City Charter mandates that the Plan be updated, at a minimum, every five years to ensure that it reflects the vision and direction of the municipality. A Citizen's Advisory Committee comprised of council members, residents, and business representatives articulated six strategic vision statements for the City.

#### **Vision Statements**

- Webster is a vibrant, business-friendly hub that capitalizes on its central location, key industry sectors, and proximity to regional assets.
- Webster strives to provide a welcoming environment for its constituents and visitors through beautification initiatives, economic development, and public safety.
- Webster is committed to ensure that the municipality is safe, vibrant, and attractive.
- Webster upholds education as vitally important for its constituents.
- Webster promotes mobility, pedestrian-friendly, safe, and efficient corridors.
- Webster supports efforts to develop and maintain a vibrant, attractive, and marketable community.

#### City Goals and Strategies

The City Council has established a set of broad goals and strategies to accomplish the vision for the City. Some of these require extensive capital, time, and due diligence while others are readily attainable. The City Council goals and strategies provide context for decisions within the annual budget. The goals are divided into five essential categories: land use (LU), transportation (TR), community enhancement (CE), public safety (PS), and organizational strength (OS).

The strategic plan requires implementation for it to transcend from text into reality. The timeframe contained in the plan indicates the years during which action will be taken. Incremental steps will be incorporated into the annual budgets of each division over time to ensure the City goal is accomplished.

An essential part of the budgeting process is the annual strategic planning session. Held in March, the strategic planning session is a joint meeting between City Council and City staff to discuss the direction and future of the City. During this meeting the organization-wide financial and programmatic policies and goals for the City are reaffirmed by City Council. Some items have high priority and are short-term in nature; these items have been incorporated into the annual budget. Due to time, fiscal, or political constraints, other items of lower priority are considered to be long-term goals. These items will be included in future budgets as warranted.

# **Budget Development Process**

#### **Revenue Projections Developed (March)**

The Finance division develops revenue projections for the upcoming fiscal year and establishes budgetary targets for each division.

#### **Strategic Planning Session (April 6)**

Staff meets with the Mayor and City Council for its annual strategic planning session to obtain general direction and guidance in preparing the budget. During this session, staff discusses various factors that may affect the ensuing budget cycle, such as economic climate, revenue outlook, community expectations and program requirements. Council addresses these concerns and identifies top priorities.

#### **Budget Orientation (April 8)**

The City Manager and Finance division hold a budget orientation meeting with City staff to discuss the economic condition of the City and its effects on the budget. An overview of the direction received from Council is presented, and the City Manager may give specific direction complying with organizational strategies. All documentation used in the budget development process is distributed.

#### **Preliminary Tax Rolls Received (May 30)**

Preliminary appraisal rolls are received from the Harris County Appraisal District showing taxable values of \$2,230,708,887 in 2019.

#### **Budget Requests Submitted & Reviewed (May)**

Staff meets with the Finance division to evaluate each division's budget requests. The deadline for division budgets to be submitted is May 31, 2019.

#### **Budget Review Sessions with City Manager (June)**

Staff meets with the Finance division and City Manager to evaluate progress on continuing priorities, discuss new programs to be included in the budget, and re-evaluate each division's budget requests for the upcoming fiscal year.

#### FY 2019-20 Proposed Budget is Filed with City Secretary (July 16)

City Manager's proposed, balanced budget is filed with the City Secretary and made available to the public as required by the City Charter. The proposed budget reflects total appropriations of \$41,624,470 (including interfund transfers) and a proposed total tax rate of \$0.36108 per \$100 of valuation based upon preliminary tax data.

#### Council Budget Work Sessions (July 23)

City Council holds a budget work session in order to discuss the proposed budget. Citizens are invited, but no public testimony is allowed at the work session meetings.

#### Certified and Uncertified Tax Rolls Received (August 16)

Certified and uncertified appraisal rolls are received from the Harris County Appraisal District. The 2019 total taxable value is determined to be \$2,359,281,664. The Finance division performs the effective and rollback tax rate calculations as required by State law. The effective tax rate is calculated to be \$0.33150 per \$100 valuation with a rollback rate of \$0.36331 per \$100 valuation.

#### Public Hearing Held on Proposed Budget (September 17)

Following the publication of required newspaper notices, a public hearing is held at a regularly scheduled City Council meeting to solicit citizen responses to the proposed budget.

#### Council Adopts the FY 2019-2020 Annual Budget (September 17)

Council approves an ordinance adopting the budget for the fiscal year beginning on October 1, 2019 with total appropriations of \$41,787,260.

#### Public Hearing Held on Proposed Tax Rate (September 17, September 24)

Following the publication of required newspaper notices, public hearings are held at a scheduled City Council meeting to solicit citizen responses to the proposed tax rate.

#### **Council Adopts a Tax Rate (October 1)**

Following the publication of required notices regarding the effective and rollback tax rates, Council approves two separate ordinances adopting an O&M tax rate of \$0.25536 per \$100 valuation and a debt service tax rate of \$0.10664 per \$100 valuation.

## FY 2019-20 Annual Budget is Published (November)

The Finance division prepares the final budget document. The document is printed and distributed to readers. The budget is also submitted to the Government Finance Officers Association to determine its eligibility for the Distinguished Budget Presentation Award.

#### **Budget is Amended if Necessary (After fiscal year has begun)**

Staff presents budget amendment requests to Council at a regularly scheduled City Council meeting. Budget amendments are adopted by ordinance.

Supplemental Appropriations: If, during the fiscal year, the city manager certifies that there are available for appropriation revenues in excess of those estimated in the budget, the council may make supplemental appropriations for the year up to the amount of such excess.

Emergency Appropriations: To meet a public emergency created by a natural disaster or man-made calamity affecting life, health, property, or the public peace, the council may make emergency appropriations, not to exceed ten (10) percent of the current fiscal year's budgeted receipts. Such appropriations may be made by emergency ordinance in accordance with the provisions of the charter. To the extent that there are no available unappropriated revenues to meet such appropriations, the council may, by such emergency ordinance, authorize the issuance of emergency notes.

Transfer of Appropriations: At any time during the fiscal year the city manager may transfer part or all of any unencumbered appropriation balance among programs within a department, division, or office and, upon written request by the city manager, the council may by ordinance transfer part or all of any unencumbered appropriation balance from one department, office or agency to another.

 $<sup>^{2}</sup>$  The restricted nature of these funds generally cause revenue to significantly exceed expenditures.

 $<sup>^{3}</sup>$  The large swings in fund balance result from the timing of when funds are received and spent.

<sup>&</sup>lt;sup>4</sup> An increase in reserves is planned for future projects.

<sup>&</sup>lt;sup>5</sup> The accumulation of reserves is intended to cover debt payments associated with a future debt issuance.

<sup>&</sup>lt;sup>6</sup> The percentage change is due to the low level of reserves carried in this fund.

<sup>&</sup>lt;sup>7</sup> The increase in fund balance reflects savings from certain purchases during the year.

**Property Taxes**: 2018-19 Budget: \$4,874,000 2019-20 Budget: \$6,025,000

The Harris County Appraisal District (HCAD) establishes the value of property for taxation purposes. Taxable values are set at 100% of the assessed market value after exemptions. Market value means the price at which property would sell between a willing buyer and a willing seller in the open market. The City sets a tax rate on the basis of cents per \$100 of valuation. For FY 2019-20 (2019 Tax Year), the City adopted a total tax rate of \$0.36200. City taxes levied for FY 2019-20 on property valued at \$100,000 would be \$362.00 ( $$100,000 \div 100 \times $0.36200 = $362.00$ ) as compared to \$347.94 for FY 2018-19.

The tax rate is comprised of two components. The operations and maintenance (O & M) rate provides funds to operate and maintain the general government functions. The debt rate pays the debt obligations of the City as found in the General Debt Service Fund. A comparison of the tax rates for FY 2018-19 and FY 2019-20 is shown below.

FY 2018-19	(2018 Tax Year)	FY 2019-20	(2019 Tax Year)
\$0.22800	O & M tax rate	\$0.25536	O & M tax rate
<u>0.11994</u>	Debt tax rate	<u>0.10664</u>	Debt tax rate
<u>\$0.34794</u>	Total tax rate	<u>\$0.36200</u>	Total tax rate

The 2019 total assessed taxable value is \$2,359,281,664, an increase of \$235,511,624 from the 2018 adjusted taxable value of \$2,123,770,040. By multiplying the tax rates by the taxable value, the 2019 tax levy can be calculated:

\$6,024,662	Collected for operations & maintenance
2 <u>,515,938</u>	Collected for debt service
\$8,540,600	Total amount of tax to be levied

Commercial properties comprise approximately 74% of the City's assessed values. Residential properties make up 23%. Industrial properties are only 3% of the City's property tax base.

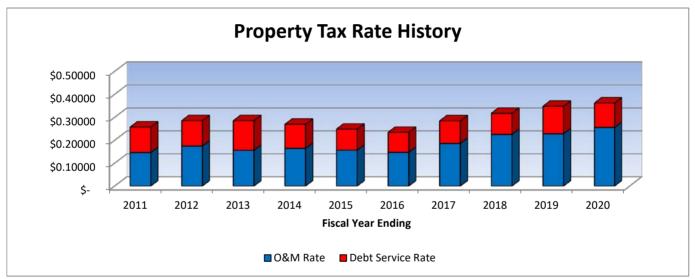

Property tax revenues are expected to remain relatively stable of the next three to five years. The City is land-locked with a limited amount of vacant land available for development. Annual growth in taxable value of 3% - 6% is anticipated with most of that derived from new construction. The tax levy is dependent upon changes in sales tax revenue each year.

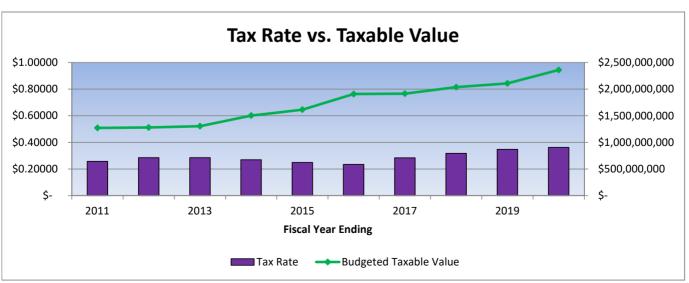

All taxable property in the City of Webster is subject to the assessment, levy and collection by the City of an annual ad valorem tax levied, within the limits prescribed by law, sufficient to provide for the payment of principal and interest on debt issued by the government. Article XII, Section 5, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 of assessed valuation for all City purposes. The City operates under a Home-Rule Charter, which adopts the constitutional provisions. Administratively, the Attorney General of the State of Texas will only permit the allocation of \$1.50 of the \$2.50 maximum rate for all general obligation debt service, as calculated at the time of issuance. The City's total tax rate of \$0.36200 and debt rate of \$0.10664 are well below the maximum rates allowed by law.

The tax charged on all taxable sales within the city limits of Webster is 8.25%. That rate is comprised of three components: State, City, and the Webster Economic Development Corporation (WEDC). The State of Texas sales tax rate is 6.25%. The City of Webster sales tax rate has been 1.5% since 1993 when voters approved a 0.5% sales tax increase to reduce property taxes. In 1999, voters approved an additional 0.5% tax for WEDC to fund economic development activities.

The largest revenue source for the City, sales tax accounts for approximately 55% of General Fund revenues and 39% of total City revenues from all sources. This is due to the large presence of commercial, restaurants, and retail entities in the City. Webster is the home of several major medical facilities and nineteen hotels. Another contributing factor is the City's location along Interstate Highway 45 and major thoroughfares such as NASA Parkway, Medical Center Boulevard and Bay Area Boulevard.

For several years prior to the Great Recession, the City experienced sales tax revenue growth in excess of 10%. Growth slowed considerably in 2008 to 2.3% and remained essentially flat in 2009. Due to the closing of three major retailers, the City experienced a decline of 9.6% during 2010. Sales tax revenues quickly stabilized in 2011 from the addition of several retailers and restaurants which helped offset revenue losses. Since 2011, sales tax revenue has grown at an average annualized rate of about 3.6%.

In 2017, a near-term decline in sales tax was beginning to bottom which indicated a strengthening local economy. Sales tax revenue experienced an extraordinary rebound after Hurricane Harvey in August 2017. The FY 2018-19 budget incorporated modest growth (approx. 3%) of the existing sales tax base plus additional revenue from two major retailers that entered the market – Costco Wholesale and Exclusive Furniture. However, the anticipated growth did not materialize in FY 2018-19.

Sales tax revenue comprises the majority of City resources. Substantial volatility exists with this revenue stream due to economic swings, store openings, and store closures. The closure of Burlington Coat Factory will put strain on sales tax revenues in FY 2019-20. But the losses should be counterbalanced with the opening of American Furniture Warehouse, resulting in a net gain. Afterwards, sales tax revenues may return to a typical growth rate of about 2% - 3% per year. No other major store closures are expected in the near term.

**Franchise & Local Taxes:** 2018-19 Budget: \$1,778,700 2019-20 Budget: \$1,733,680

The City of Webster maintains non-exclusive franchise agreements with utility providers (electric, gas, phone and cable), which use the City's right-of-ways to provide their services. The utilities compensate the City for this privileged use through franchise taxes passed on to the users. Their fees are generally based upon a percentage of their gross receipts generated by customers within the City limits. Mixed beverage tax receipts are also recorded in this category and are among the highest in Harris County. The decline in 2020 is due to the loss of telecommunication fees resulting from State legislation.

**Permit Fees:** 2018-19 Budget: \$618,030 2019-20 Budget: \$538,160

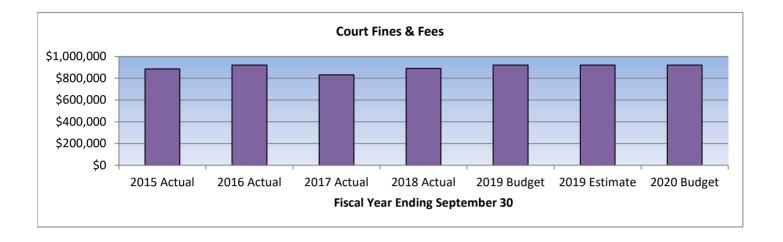

Permit fees are fees charged for plan reviews to ensure compliance with building codes and the actual inspection to verify compliance. Permit fee revenues have been growing at an annualized rate of 9% over the past five years due to ongoing residential and commercial construction. The large spike in 2018 is attributed to development of the City's west side.

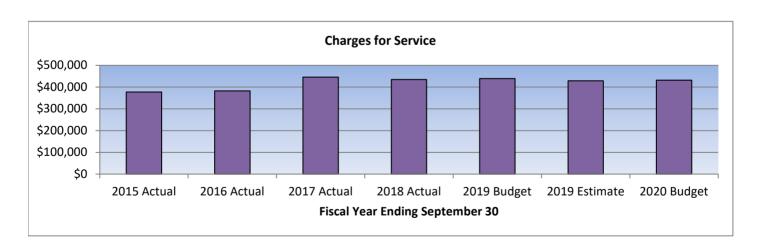

**Court Fines & Fees:** 2018-19 Budget: \$921,430 2019-20 Budget: \$921,440

Municipal court fines and fees are levied primarily for violations of local ordinances and traffic offenses. This revenue has fallen significantly from 6-7 years ago, but has since stabilized.

**Charges for Service:** 2018-19 Budget: \$439,210 2019-20 Budget: \$431,960

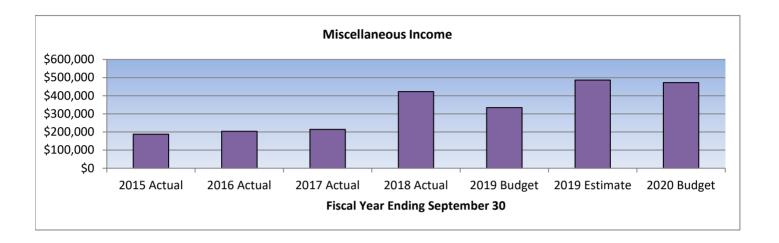

The main revenue in this category is the charge assessed for providing dispatching services to other jurisdictions which are made under inter-local agreements. The City will receive about \$359,230 for these services in FY 2019-20. Other revenues that fall into this category include charges for recreation programs, Civic Center rental fees, Recreation Hall rental fees, and park pavillion rental fees for which \$72,730 has been budgeted. This revenue class has grown steadily at a 5% annualized rate.

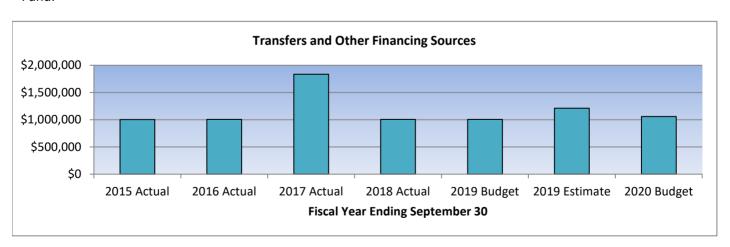

**Miscellaneous Income:** 2018-19 Budget: \$334,650 2019-20 Budget: \$472,600

Miscellaneous income includes revenues that could not be classified elsewhere. The principal revenue in this category is the interest that the City earns on its investments. Fixed income security interest rates are about two percent. \$294,850 is budgeted for interest income in FY 2019-20. False alarm fees of \$38,290 are also recorded in this category.

**Other Financing Sources:** 2018-19 Budget: \$1,211,370 2019-20 Budget: \$1,058,950

The largest revenue in this category is the transfer to the City by the Webster Economic Development Corporation in accordance with an administrative services contract. City staff performs all functions of the WEDC, including economic development activities, accounting services, cash and investment activities, and project management. This revenue category also includes various interfund transfers and planned use of prior years' fund balance. The sharp spike in 2017 was a one-time inflow due to the liquidation of the TIRZ Fund.

## Fire Prevention

#### **DIVISION DESCRIPTION**

The objective of the Fire Prevention division is to promote the health and safety of citizens and visitors to the City. This is accomplished through prevention activities, public education programs, and the enforcement of City codes. The administrative functions of the fire department are the responsibility of this division as well as the development, implementation, and evaluation of emergency management plans and procedures.

### **DIVISION GOALS AND ACTION ITEMS FOR FY 2019-2020**

#### PS2: Maintain a high level of fire protection service

Goal: Inspect all commercial occupancies on an annual basis

Action Item: Sustain and regularly audit the company-level inspection program to ensure coverage of all businesses

Goal: Maintain a dynamic fire safety education agenda

Action Item: Coordinate life safety programs with other city departments

#### PS3: Achieve an effective emergency management plan

Goal: Conduct an emergency scenario involving each city department to ensure competency

Action Item: Lead a full-scale disaster exercise at the emergency operations center

#### SIGNIFICANT CHANGES IN THE FY 2019-2020 BUDGET

- > Appropriations for wages, taxes, and retirement increase to account for growth in salaries
- > Expenditures for small tools and equipment decrease after the purchase of body cameras during FY 18-19
- Service contract costs rise to purchase emergency management and emergency notification software
- > Information technology expenditures fall to reflect changes to the cost allocation schedule
- > Capital outlay reflects a supplemental request to acquire an unmanned aerial vehicle and fire safety equipment

## **Fire Operations**

### **DIVISION DESCRIPTION**

The primary responsibilities of the Fire Operations division are fire suppression and emergency medical services. The Webster Fire Department operates from one fire station. Firefighters provide 24-hour coverage at Fire Station #1.

## **DIVISION GOALS AND ACTION ITEMS FOR FY 2019-2020**

#### PS2: Maintain a high level of fire protection service

Goal: Maintain all standards set forth by Texas Best Practices

Action Item: Conduct a self-assessment of operations and make adjustments as necessary

Goal: Emphasize core firefighting objectives to fire staff

Action Item: Refocus personnel on fundamental, essential job duties

Goal: Deliver an effective level of service

Action Item: Ensure each shift is sufficiently staffed to meet the demands of constituents

## SIGNIFICANT CHANGES IN THE FY 2019-2020 BUDGET

- > Appropriations for wages, taxes, and retirement increase to account for growth in salaries
- Uniform and apparel expenditures fall after the purchase of bunker gear and ballistic vests for firefighters in FY 18-19
- Service contract expenditures surge due to the implementation of traffic preemption software
- > Public relations costs reflect a supplemental request to initiate a citizen fire academy and CPR training
- Capital outlay falls after the acquisition of an air compressor and a defibrillator/monitor during FY 18-19
- Transfers for equipment replacement decrease after deployment funds were set aside last year

## **General Debt Service Fund Overview**

The General Debt Service Fund is used for the accumulation of resources for the payment of the City's general long-term debt.

Payment of current year general debt obligations is provided by a dedicated portion of current year ad-valorem tax collections. The debt rate for FY 2019-20 is \$0.10664 or twenty-nine percent of the total tax rate of \$0.36200.

The Webster EDC transfers \$330,030 to this fund to service a portion of the debt that was issued for the renovation and expansion of the Emergency Operations Center and Police Department building in 2001.

Long-term debt at September 30, 2019 is comprised of the following debt issues:

Description		Principal
Refunding Bonds, Series 2013	\$	2,400,000
Refunding Bonds, Series 2010		1,045,000
Total General Obligation Bo	nds \$	3,445,000
Certificates of Obligation, Series 2018A	\$	4,620,000
Certificates of Obligation, Series 2012	_	4,640,000
Total Certficates of Obligation	on \$	9,260,000
Total General Long-Term De	ebt <u>\$</u>	12,705,000

All taxable property in the City of Webster is subject to the assessment, levy and collection by the City of an annual ad valorem tax levied, within the limits prescribed by law, sufficient to provide for the payment of principal and interest on debt issued by the government. Article XI, Section 5, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 of assessed valuation for all City purposes. The City operates under a Home-Rule Charter, which adopts the constitutional provisions. Administratively, the Attorney General of the State of Texas will only permit the allocation of \$1.50 of the \$2.50 maximum rate for all general obligation debt service, as calculated at the time of issuance. The City's total tax rate of \$0.36200 and debt rate of \$0.10664 are well below the maximum rates allowed by law.

Chapter 1331 of the Texas Government Code places additional limits on municipalities with populations greater than 750,000. These entities may incur total bonded debt in an amount not to exceed ten percent of the total appraised value of property listed on the most recent appraisal roll. While this limit does not legally apply to the City of Webster, it does serve as a guideline. The total general long-term debt of the City is less than one percent of its total appraised value.

# Tax Increment Reinvestment Zone (TIRZ) Fund Overview / Statement of Fund Balance

A local government can create a tax increment reinvestment zone (TIRZ) to finance needed improvements and infrastructure within that area. When a TIRZ is created, a base value of real property within the zone is determined. In October 2003, City Council approved an ordinance creating TIRZ #1 consisting of approximately 123 acres. In November 2004, City Council approved a second ordinance which expanded the TIRZ by an additional 437 acres to a total of 560 acres.

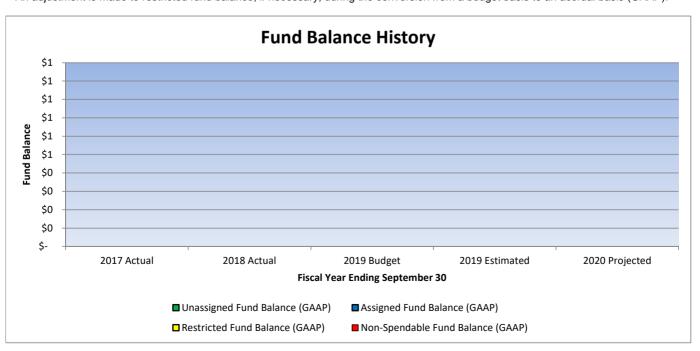

Ad valorem taxes collected on the base value within the TIRZ will continue to be used to pay for operations and debt service for the City. As improvements are made and businesses begin to locate within the zone, appraised real property values increase over time. The increase over the base value is known as the incremental or captured value; the tax levied on the captured value is called the tax increment. The tax increment is deposited into the TIRZ Fund. Tax increment funds must be spent on projects that were part of the project plan included in the ordinance that created the zone.

The Webster Tax Increment Reinvestment Zone #1 was dissolved on December 6, 2016.

# **Utility Fund Overview**

The Utility Fund is established to account for the City's water distribution, wastewater collection and treatment operations, and storm water pollution prevention program. Being an enterprise fund, it is designed to be financed and operated in a manner similar to private businesses. The cost for providing these services to the public is to be recovered primarily through user charges.

Capital improvements, such as water and sewer line upgrades, improvements to the wastewater treatment plant, and added water storage capacity are funded through Capital Project Funds (not included in the annual operating budget). However, maintenance of utility infrastructure is provided by the Utility Fund.

## **Utility Rate History**

#### **Utility Rates**

The utility rate structure was updated in May 2017. Customers are charged a minimum utility bill based on meter size derived from the AWWA's meter size equivalency factors. Furthermore, the billing rates for water / wastewater consumption are based on customer class. Utility rates consist of a base rate and a volumetric rate. The base rate is the minimum bill that a customer would receive.

Apartments	3.90		4.77		4.59		5.29		4.59		5.29		4.59		5.29

#### **Residential**

Residential customers include single family residences and duplexes served by individual water meters. Apartments and townhomes are excluded. The residential billing rate is \$3.81 (water) / \$5.29 (wastewater) for each 1,000 gallons used over the 2,000 gallon base amount. Wastewater charges are billed in a similar manner as water. However, wastewater consumption is capped based on a winter average (average usage from Nov - Feb of the prior year). An average residential customer with a 5/8" meter would pay \$43.11 per month for 5,000 gallons of water and wastewater use.

## **Commercial / Apartments**

The commercial billing rate is \$4.13 (water) / \$5.29 (wastewater) for each 1,000 gallons used. An average commercial customer with a 2" meter would pay \$800.15 for 82,000 gallons of water and wastewater use.

The apartment billing rate is \$4.59 (water) / \$5.29 (wastewater) for each 1,000 gallons used. An average apartment customer with a 2" meter would pay \$837.87 for 82,000 gallons of water and wastewater use.

#### **Drainage Rates**

A drainage fee was implemented in October 2009. Customers are charged a fee based upon the amount of impervious surface over within each rate class. Rates are unchanged for Fiscal Year 2019-2020 for all classes.

	Oct 19 - Sept 20
Houses	\$ 1.24 flat rate for all houses
Apartment / Condominium	\$ 0.000733 per sq ft of impervious surface
Nonresidential	\$ 0.000767 per sq ft of impervious surface

### **MISSION**

Water Wastewater Drainage The mission of the various divisions that make up the Utility function is to provide exemplary service to the citizens and patrons while protecting public health, welfare, safety, and the environment.

#### SIGNIFICANT UTILITY ACHIEVEMENTS DURING FY 2018-2019

- > Implemented an automatic water meter reading system
- Continued the meter upgrade and replacement program
- Rehabilitated three lift stations
- Upgraded the force main at one lift station
- Repaired the storm sewer at Travis Street and Professional Park

# City Council Goals That Are Addressed In The FY 2019-2020 Annual Budget National Property of the Property of

## Water

#### **DIVISION DESCRIPTION**

The charge of the Water division is to operate and maintain the water plants and distribution system in a safe and an efficient manner.

#### **DIVISION GOALS AND ACTION ITEMS FOR FY 2019-2020**

#### OS1: Maintain a strong, fiscally sustainable organization

Goal: Protect the health of citizens by frequent inspection of water quality

Action Item: Collect bacteriological samples at various locations of the distribution system

Goal: Ensure optimal operating conditions are maintained

Action Item: Flush every fire hydrant in the system twice annually

Goal: Continue the water meter change-out program

Action Item: Modernize metering equipment as meters are replaced

#### SIGNIFICANT CHANGES IN THE FY 2019-2020 BUDGET

- Surface water expense increases due to a greater volume of consumption and elevated capital costs
- Property maintenance costs rise to replace the perimeter fencing at the Magnolia water plant
- > Water system maintenance expense grows to replace water well meters and clean water lines
- Service contract costs reflect a supplementary request to purchase maintenance management software

## **Wastewater**

#### **DIVISION DESCRIPTION**

The charge of the Wastewater division is to protect the public health by operating and maintaining the collection, treatment, and disposal of wastewater in accordance with all local, state, and federal regulations.

## **DIVISION GOALS AND ACTION ITEMS FOR FY 2019-2020**

#### OS1: Maintain a strong, fiscally sustainable organization

Goal: Protect the health of citizens by frequent inspection of wastewater discharge

Action Item: Collect bacteriological samples of wastewater discharge

**Goal:** Ensure optimal operating conditions are maintained **Action Item:** Rehabilitate two wastewater lift stations

**Goal:** Enhance compliance with all wastewater regulations **Action Item:** Increase after-hours sampling of discharge

## SIGNIFICANT CHANGES IN THE FY 2019-2020 BUDGET

- > Building maintenance expense increases to replace air conditioners and roofs
- Property maintenance costs fall after replacing the perimeter fencing around the service center during FY 18-19
- > Treatment plant maintenance expense declines after replacing the belt press and screens last year
- > Service contract costs reflect a supplementary request to purchase maintenance management software
- > Charges for professional services grow to perform an infiltration and inflow study

# Drainage

#### **DIVISION DESCRIPTION**

The primary function of the Drainage division is to maintain the drainage system in an efficient manner, ensuring compliance with all regulatory agencies.

#### **DIVISION GOALS AND ACTION ITEMS FOR FY 2019-2020**

#### OS1: Maintain a strong, fiscally sustainable organization

Goal: Preserve and enhance the condition of the storm water system

Action Item: Clean and repair storm water lines as identified by an annual inspection

Goal: Ensure compliance with all storm water regulations

Action Item: Implement the storm water management plan and discharge permit

Goal: Sustain the quality of the City's watershed

Action Item: Educate the public regarding sources of pollution into the storm water system

#### SIGNIFICANT CHANGES IN THE FY 2019-2020 BUDGET

- > Appropriations for wages, taxes, and retirement increase to account for growth in salaries
- Collection system maintenance expense falls after the repair of Travis Street and Professional Park storm sewers last year
- Charges for professional services decrease after renewing the storm water management program permit during FY 18-19
- > Transfers for equipment replacement shrink due to a lower contribution level

### **Utility Interest and Sinking Fund Overview**

The Utility Interest & Sinking Fund is used for the accumulation of resources and for the payment of the City's utility debt, primarily revenue bonds. The utility rates adopted by the City Council must be sufficient to recover both current year and, if necessary, anticipated future debt obligations.

Long-term debt at September 30, 2019 is comprised of the following debt issues:

Description		 Principal
Certificates of Obligation,	\$ 1,910,000	
	Total Certificates of Obligation	\$ 1,910,000
General Obligation Refund	 3,585,000	
	<b>Total General Obligation Bonds</b>	\$ 3,585,000

### Equipment Replacement Fund Overview / Statement of Fund Balance

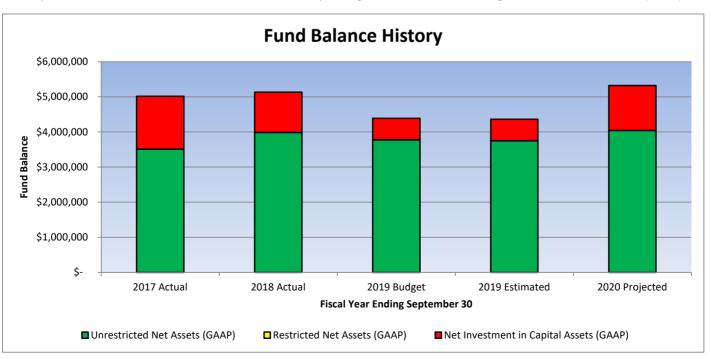

The purpose of the Equipment Replacement Fund is to ensure sufficient funding for the orderly replacement of worn out or obsolete vehicles and heavy equipment. The concept is to provide an internal financing mechanism to provide cash funding for equipment replacement on a consistent basis. Each participating division is charged an annual expense amount (based on their fleet equipment holdings) to replace scheduled equipment at the end of its useful life.

In FY 2019-20, a total of \$828,040 will be transferred into this fund from other divisions. Divisions within the General Fund will transfer \$666,730 (100% of full annual replacement amount). The Utility Fund will transfer \$155,510 (100% of full annual replacement amount). The Information Technology Fund will transfer \$5,800 (100% of full annual replacement amount).

#### **MISSION**

Information Technology

The mission of the Information Technology function is to provide end users with the technological tools necessary to excel in their jobs and to partner with users to analyze, inform, and implement technology to improve workflow and operational practices.

#### SIGNIFICANT INFORMATION TECHNOLOGY ACHIEVEMENTS DURING FY 2018-2019

- > Reequipped all city buildings with modern fiber optic wiring to facilitate higher data throughput speeds
- Replaced the city-wide proprietary security alarm/monitoring system to provide more efficient services
- Replaced the cybersecurity software to better protect the city

# City Council Goals That Are Addressed In The FY 2019-2020 Annual Budget

Information Technology

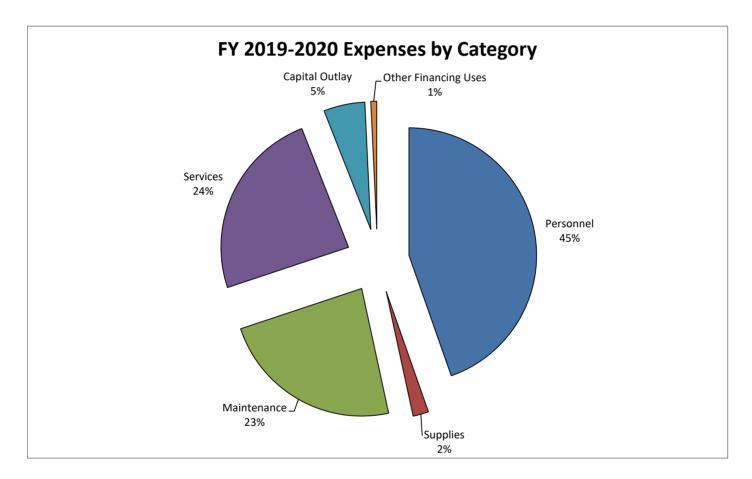

OS1 - Maintain a strong, fiscally sustainable organization

### **Information Technology**

#### **DIVISION DESCRIPTION**

The Information Technology division has operational, strategic, and fiscal responsibility for the innovation, implementation, and advancement of technology in the City. These responsibilities are divided into main areas of management, teaching, learning, and community services. The division strives to provide effective technology support that help develop, enhance, and manage the City enterprise networks with the highest quality technology-based services in the most cost effective manner.

#### **DIVISION GOALS AND ACTION ITEMS FOR FY 2019-2020**

#### OS1: Maintain a strong, fiscally sustainable organization

Goal: Ensure that the computer network remains current, efficient, and functional

Action Item: Continue upgrading the network hardware and software to modern technology standards

Goal: Propose cost-effective hardware to ensure data recovery from emergency incidents

Action Item: Replace the existing backup/disaster recovery equipment and update procedures for retrieving data

**Goal:** Explore innovative technology programs to benefit the city and its constituents **Action Item:** Upgrade the wireless communications equipment to enhance service delivery

#### SIGNIFICANT CHANGES IN THE FY 2019-2020 BUDGET

- > Appropriations for wages, taxes, and retirement increase to account for growth in salaries
- > Communication expenses rise to purchase software that will protect the city against cybersecurity threats
- > Consultant fees grow to perform a network vulnerability and compliance audit
- Computer replacement costs fall after replacing the server system during FY 18-19
- Transfers for IT projects decline after rewiring city buildings in the prior year

## CAPITAL IMPROVEMENTS PROGRAM OVERVIEW 2020 – 2024

The FY 2020-24 Capital Improvements Program (CIP) represents the City's plan for development. The Capital Improvements Program is reviewed each year to reflect changing priorities and to provide a framework for identifying capital requirements; the impact of capital projects on operating budgets; scheduling; and coordinating related projects.

The Capital Improvements Program has two primary components. The General Government CIP represents non-utility projects such as streets, parks, and general government facilities. Typically, these projects will be funded via general obligation bonds, certificates of obligation, tax revenue, or other financing methods. The Utility CIP represents projects that benefit the City's Utility Fund. These projects are typically funded with revenue bonds, impact fees, and rate revenue.

The CIP budget is a five-year program that is compiled by City staff. Necessary projects are identified; costs are estimated; and possible funding sources are acknowledged. Additional operating and maintenance costs are also reflected for each project. Recommended capital improvements are reviewed by the City Manager. Afterwards, they are sent to City Council for final approval.

#### **FY 2019-20 CAPITAL-RELATED EXPENDITURES**

A total of \$10,364,730 will be spent for capital-related items during FY 2019-20. The majority of these expenditures (\$9,350,000 or 90%) can be attributed to the Capital Improvements Program. The remaining amount (\$1,014,730) is directly related to routine capital expenditures.

Capital Improvements Program (CIP)	
Streets and Sidewalks Projects	\$1,350,000
Utility Projects	8,000,000
Total CIP Expenditures	\$9,350,000
Routine Expenditures	
General Fund	\$375,230
Utility Fund	5,000
Equipment Replacement Fund	594,000
Information Technology Fund	40,500
Total Routine Expenditures	\$1,014,730
Total Capital-Related Expenditures	\$10,364,730

## CAPITAL IMPROVEMENTS PROGRAM OVERVIEW 2020 – 2024

#### **GENERAL GOVERNMENT PROJECTS**

#### **Parks and Recreation Projects**

Building a new shared use path will occur in three phases beginning in 2021. This project will provide connectivity for East-West pedestrian and bicycle travel between the shared-use path on FM 270 and Challenger Park.

#### Streets and Sidewalks Projects

Part of the five-year plan calls for the construction of NASA Bypass Extension from Interstate 45 to NASA Parkway. This vital road will enhance mobility and spur economic development. Funding for the roadway design was completed in 2018. Construction is expected to begin in 2021. Blossom Street paying and drainage repairs will be done in 2020. Sidewalks will be constructed along Medical Center Boulevard. Commerce Street will receive a pavement overlay.

#### **UTILITY PROJECTS**

The Utility CIP reflects projects that are structured to meet future development. These projects are included in the five-year utility rate design as well as the impact fee study. Because expected growth is not always initiated as planned, utility projects are often advanced forward or pushed backward among years.

#### **Water Projects**

Six projects have been identified for the Capital Improvements Program for the next five years. After paying \$2,000,000 in 2018 for engineering costs, \$8,000,000 will be needed in 2020 to construct the 42" water line from the Southeast Water Purification to Webster. Work along NASA Bypass Extension will allow future development to occur in these areas.

#### **Wastewater Projects**

Several new sewer lines may be constructed in 2021. Project areas include NASA Bypass Extension, Jasmine Street extension, and feeder roads along Interstate Highway 45. Future development will determine the precise timing of these items.

## CAPITAL IMPROVEMENTS PROGRAM OVERVIEW 2020 – 2024

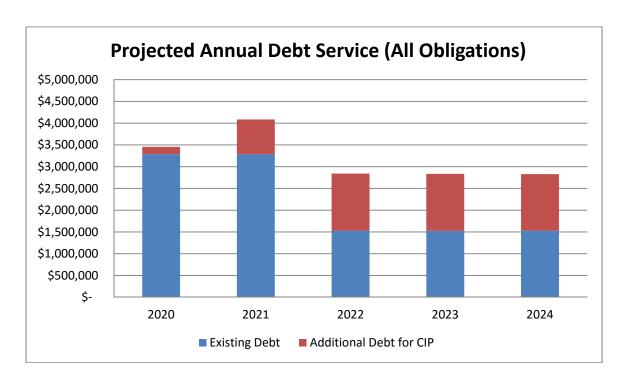

#### IMPACT UPON FUTURE BUDGETS

The City of Webster utilizes the most beneficial method of financing capital projects including cash, bonds, developer contributions, and grants. The appropriate financing method depends, in part, upon the effect to the property tax rate.

The five-year Capital Improvements Program calls for spending \$500,000 of General Fund revenue in 2020. An additional \$610,000 may be spent over the four-year period from 2021 to 2024. Funding for Blossom Street paving and drainage repair was set aside in prior fiscal years. This use of General Fund revenue is highly dependent upon the receipt of grant funds. If grants are not awarded, it will be necessary to increase the General Fund contribution or issue more debt to complete the projects.

One tax-supported bond issuance may occur over the next five years. Annual debt service would increase by \$364,000 in 2021. Assuming taxable property values remained at \$2.3 billion, the debt service portion of the property tax rate would increase by a total of 1.6 cents. In addition to tax-supported debt, the Utility Fund may issue \$12,600,000 during this timeframe. Average annual debt service for utilities would consequently increase by approximately \$951,000.

The Capital Improvements Program contains the anticipated operating costs associated with each project. Most of the projects have little impact upon operations. Over the five year program, operations and maintenance costs are expected to increase by \$30,000 to maintain the shared use path.

General Government Parks and Recreation

#### **East-West Shared Use Path**

#### **Project Description**

This project will provide connectivity for East-West pedestrian and bicycle travel between the FM 270 shared-use path and Challenger Park.

A four-phase approach to construction is anticipated:

2021 Highway 3 to Kobayashi
2022 Kobayashi to Interstate 45
2022 Interstate 45 to Challenger Park
2023 FM 270 to Highway 3

#### **Effect Upon Operations & Maintenance**

Annual maintenance costs are expected to increase by \$2,000 - \$5,000 per phase to maintain the path.

Estimated Project Cost \$ 3,050,000

Streets and Sidewalks

#### **Commerce Street Overlay**

#### **Project Description**

This project would replace the existing asphalt pavement along Commerce Street (approximately 1,700 LF) with new asphalt pavement. Heavy commercial traffic from the adjacent concrete plant has substantially deteriorated the road. The asphalt pavement will extend the life of the street and promote development along the east side of Commerce Street.

#### **Effect Upon Operations & Maintenance**

No significant change to operation and maintenance expenditures are anticipated with this item.

#### **NASA Bypass Extension**

#### **Project Description**

This project consists of the extension of NASA Bypass from Interstate 45 to NASA Parkway. The four-lane divided roadway would provide enhanced mobility east to west. When combined with the future extension of Beamer Road and the proposed Landing Boulevard in League City, north to south mobility would increase as well. NASA Bypass Extension will provide an additional evacuation route, spur economic development, and alleviate congestion.

#### **Effect Upon Operations & Maintenance**

No change to operation and maintenance expenditures are anticipated in the first five years. However, expenditures for debt service are likely to increase if bonds are issued as anticipated.

#### 42" Water Line from SEWPP to Webster

#### **Project Description**

The main source of water for the City of Webster and several other entities is the Southeast Water Purification Plant that is operated by the City of Houston. Constructed in the 1970's, the 42" water line from the plant to the City has reached the end of its life. The line has required numerous repairs and has been de-rated from 100 psi to 80-85 psi due to its poor condition. The City of Houston has notified the City of its intention to replace this line beginning in 2018. Owning a 10% interest in the plant, Webster will be expected to contribute \$8,000,000 towards the cost of construction.

#### **Effect Upon Operations & Maintenance**

No change to operation and maintenance expenditures are anticipated with this item. However, debt service expenses will increase with the issuance of bonds for this project.

# **Webster Economic Development Corporation Overview**

The Webster Economic Development Corporation (WEDC), incorporated on September 21, 1999, in accordance with the Texas Development Corporation Act of 1979 and governed by Section 4B of the Act, authorized a half-cent sales tax to be used to promote a wide range of initiatives designed to stimulate new and expanded commercial development, including the funding of land, buildings, facilities, infrastructure, and expenditures that comply with eligible projects as defined in the Act and subsequently codified in Chapter 505 of the Texas Local Government Code. The purpose of WEDC is to grow the City's commercial tax base in order to foster a vibrant economy. Since its inception, two of WEDC's principles continue to be the funding of infrastructure projects that fuel commercial development within targeted sectors and establishing a destination development. Additional WEDC tenets include conducting proactive, innovative business recruitment, forging strong bonds between the City and its commercial constituents, and marketing and positioning Webster as the medical center of the south, the retail, dining and entertainment capital of Bay Area Houston, and the aerospace capital of the southwest.

City staff performs all functions of the WEDC, including economic development activities, project management, accounting services, audit services, and cash and investment activities. These activities are authorized under the Administrative Services Contract by and between the City of Webster and WEDC. A charge of \$700,000 is assessed annually. WEDC acts on behalf of the City and is regulated by a seven-member board of directors, comprised of three City Council members, two Webster residents, one Webster business representative who resides in Webster, and one Webster business representative who resides in Harris County.

For Fiscal Year 2019-20, \$965,950 of the \$4,679,980 in budgeted revenues (20.6%) will be used to pay debt service on the Sales Tax Revenue Refunding Bonds, Series 2015, and Sales Tax Revenue Bonds, Series 2017.

# **Glossary of Terms**

Account A term used to identify an individual asset, liability, expenditure control, revenue

control, encumbrance, or fund balance.

Account Groups Accounting structure used to provide accountability for the city's general fixed

assets and the portion of the principal of its general long-term debt that has not

yet matured.

Account Number A specific expenditure classification: applies to the article purchased or the

service obtained, rather than to the purpose (use) for which the expenditure was made, e.g. 0100 – payroll, 1400 – office and postage, 3110 – communications.

Accounts Payable A short-term liability account reflecting amounts owed to vendors for goods and

services received by the city.

Accrual Basis of Accounting 
The method of accounting under which revenues are recorded when they are

earned (whether or not cash is received at the time) and expenditures that are

recorded when goods and services are received (whether or not cash

disbursements are made at that time).

**Ad-valorem Taxes** Real estate and personal property taxes. Ad-valorem is defined by the Webster's

New World Dictionary as "in proportion to the value." Property taxes are levied as ¢ per \$100 of appraised value. Property is appraised at 100% of market

value.

Amortization The process of extinguishing a long-term obligation through a series of

scheduled payments over a period of time.

Appropriation An authorization granted by a legislative body to make expenditures to incur

obligations for specific purposes. An appropriation is limited in amount to the

time it may be expended.

**Assessed Valuation** A valuation set upon real property or other property by a government as a basis

for levying taxes. Assessed value of property is determined by the Harris County

Appraisal District, typically at market value.

**Asset** Property owned by the city government that has monetary value.

Audit A systematic examination of all governmental resources concluding in a written

report and prepared by a certified public accountant. It is intended to test whether financial statements fairly present financial position and results of

operations.

Balanced Budget The status of a budget whereby expected resources, including the use of

accumulated reserves, exceed or are equal to anticipated expenditures.

**Bonded Debt** That portion of indebtedness represented by outstanding bonds.

**Bonds, General Obligation** A written promise to pay an amount of money, backed by the full faith and credit

of the city, usually secured by dedicated ad-valorem taxes.

Bonds Issued Bonds sold.

**Budget (Operating)** A plan of financial operation embodying an estimate of proposed expenditures for

a given period and the proposed means of financing them. The term usually

indicates a financial plan for a single fiscal year.

Budget Calendar A schedule of key dates which the City Council follows in preparation and

adoption of the budget.

**Budget Message** A general discussion of the proposed budget, as presented in writing by the City

Manager, addressed towards the Mayor, City Council, and citizens.

**Budget Ordinance** The official enactment by the City Council establishing the legal authority for

officials to obligate and expend resources.

**Capital Assets** Assets of significant value (over \$5,000) having a useful life of several years.

Capital Budget A plan of proposed capital outlays and the means for financing them. Usually

enacted as part of the complete annual budget.

Capital Improvements Program A plan for capital expenditures to be incurred each year over a fixed period of

several years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount and the method of

financing.

Capital Outlay Expenditures which result in the acquisition or addition of capital assets.

Capital Projects Funds Established to account for all resources, bond proceeds and construction grants,

which are used for the acquisition of capital facilities infrastructure.

Cash Basis A type of accounting in which transactions are recognized typically when cash

changes hands.

**Central Appraisal District (CAD)**CAD is charged with the responsibility for establishing a consistent property

value used by all taxing jurisdictions to levy taxes.

Chart of Accounts The classification system used by a city to organize the accounting for various

funds.

**Compensated Absences** Recorded non-worked benefit hours that will be paid (e.g., vacation, sick,

holidays and compensatory time earned).

**Contingency** A budgetary reserve set aside for emergencies or unforeseen expenditures.

**Customer Deposits**Deposits made by customers as a prerequisite to receiving utility services.

Recorded as a liability.

**Debt** An obligation resulting from borrowing money or from purchasing goods or

services.

**Debt Limit** The maximum amount of gross or net debt legally permitted.

**Debt Service** The cost of paying principal and interest on borrowed money according to a

predetermined payment schedule.

**Debt Service Fund**A fund established to finance and account for the accumulation of resources for,

and the payment of, general long-term debt principal and interest. Also called a

sinking fund.

**Depreciation** (1) Expiration in the service life of capital assets, attributable to wear and tear

through use and lapse of time, obsolescence, inadequacy, or other physical or functional cause. (2) The portion of the cost of a capital asset charged as an

expense during a particular period.

#### Distinguished Budget Presentation Award Program

A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents. The document is graded as a Policy Document, a Financial Plan, an Operations Guide and as a Communications Device.

Division

The basic organizational unit of the city which is functionally unique in its delivery of services.

**Encumbrances** 

Obligations in the form of purchase orders, contracts, or salary commitments that are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when the actual liability is set up.

**Enterprise Fund** 

A proprietary fund type established to finance and account for an operation that is financed and operated in a manner similar to private business enterprises - whereby the intent is that the costs (expenses, including depreciation) of providing goods or services to external customers on a continuing basis be financed or recovered primarily through user charges. Examples of enterprise funds are those for water and wastewater services.

**Expenditures** 

If the accounts are kept on the accrual basis, this term designates total charges incurred, whether paid or unpaid, including expenses, provision for retirement of debt not reported as a liability of the fund from which retired, and capital outlays. Note: Encumbrances are not considered expenditures.

**Expenses** 

Charges incurred, whether paid or unpaid, for operation, maintenance, and interest, and other charges that are presumed to benefit the current fiscal period.

**Financial Advisor** 

A consultant who provides advice on any of a variety of issues related to financial matters, particularly with the issuance of debt. The financial advisor for the City is U.S. Capital Advisors LLC.

**Fiscal Policy** 

The city's policy with respect to revenues, spending and debt management. These govern the ability of the city to provide services, programs and capital investment. Fiscal policy provides an agreed upon set of principles for the planning and programming of the annual budget.

Fiscal Year (FY)

A designated 12-month accounting period. The fiscal year for the City begins on October 1 and ends on September 30 of the following year.

**Fixed Charges** 

Expenses (the amount of which is more or less fixed). Examples are interest, insurance, and contributions to pension funds.

Franchise Fee

A charge by the city for a special privilege granted by the city permitting the continued use of public right-of-way, usually involving elements of monopoly and regulations (e.g., Time Warner Cable, CenterPoint Energy).

**Full Faith and Credit** 

A pledge of the general taxing power of a government to repay debt obligations (typically used in reference to bonds).

Full-Time Equivalent (FTE)

A measure of authorized personnel calculated by dividing hours of work per year by the number of hours worked per year by a full-time employee.

**Function** 

A group of related activities aimed at accomplishing a major service or regulatory program for which the city is responsible (e.g., Public Safety).

**Fund** 

A fiscal and reporting unit of the city responsible for its own financial resources. A fund is established to carry on certain specific activities or obtain specified objectives in accordance with legal direction (e.g., Utility or Hotel Occupancy Tax Fund). Funds are usually broken down into units, determined by function of that unit (e.g., Police, Fire, Finance and Parks are functional activities within the General Fund). A department may be further broken down into specific purposes (e.g., Police Administration, CID, Patrol, Communications, Fire Prevention, and Fire Operations are divisions of the Public Safety Department).

**Fund Balance** 

Money available for contingency situations or in the event of an emergency. Called retained earnings in proprietary-type funds. Fund balances may be reserved for specific future use, or may be undesignated. The source of this money is typically when prior years' revenues exceed expenditures resulting in a cash surplus.

Fund Balance (Non-spendable)

The portion of fund balance that is not available for spending, either now or in the future, because of the form of the asset (e.g., inventories, pre-paid expenses, capital assets) or a permanent legal restriction (e.g., principal portion of an endowment).

Fund Balance (Spendable)

The portion of fund balance that is available for spending. Spendable fund balance is divided into four categories:

Restricted spendable fund balance includes amounts that can only be spent for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed spendable fund balance includes amounts that can be used only for specific purposes determined by formal action of the government's highest level of decision-making authority.

Assigned spendable fund balance includes resources intended for spending for a purpose set by the governing body itself or by some person or body delegated to exercise such authority in accordance with policy established by the government's highest level of decision-making authority.

Unassigned spendable fund balance includes the residual spendable amounts not contained in other classifications.

**GAAP** 

Generally Accepted Accounting Principles. Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board.

**General Fund** 

The fund that is available for any legal authorized purpose and which is therefore used to account for all revenues and all activities except those required to be accounted for in another fund. Note: The General Fund is used to account for the ordinary operations of the city.

**General Obligation Bonds** 

Bonds for whose payments the full faith and credit for the issuing body are pledged. More commonly, but not necessarily, general obligation bonds are considered to be those payable from taxes and other general revenues.

**Governmental Fund** 

The broadest category of fund types which includes those funds that are used to account for tax-supported (governmental) activities.

Grant

A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specified function.

**Impact Fees** 

Fees charged by an entity to developers to cover, in whole or in part, the anticipated cost of improvements provided by the entity, necessitated as the result of development.

Income

This term is used in accounting for governmental enterprises and represents the excess of the revenues earned over the expenses incurred in carrying on particular phases of an enterprise's activities. The excess of the total revenues over the total expenses of the utility for a particular accounting period is called "net income."

**Internal Control** 

A plan of organization for purchasing, accounting, other financial activities which, among other things, provides that: the duties of employees are subdivided so that no single employee handles a financial action from beginning to end; proper authorizations from specific responsible officials are obtained before key steps in the processing of transactions are completed; and records and procedures are arranged appropriately to facilitate effective control.

Internal Service Fund

A proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units.

Investments

Securities held for the purpose of income generation in the form of interest or dividends.

Levy (noun)

The total amount of taxes imposed by the city, usually refers to property taxes.

Levy (verb)

To impose taxes.

**Maturities** 

The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

Modified Accrual, Basis of Accounting

An accounting theory whereby a) revenues are recognized in the accounting period in which they become available and measurable and b) expenditures are recognized in the accounting period in which the liability is incurred, if measurable. This differs from the full accrual basis, which recognizes the financial effect of transactions when they occur, regardless of the timing of related cash flows. Both differ from the cash basis of accounting that recognizes transactions when related cash amounts are received or disbursed.

**Non-Operating Income** 

Income of governmental enterprises of a business character that is not derived from the operation of such enterprises. An example is interest on investments or on bank deposits.

**Operating Expenses** 

As used in the accounts of governmental enterprises of a business character, the term means such costs as are necessary to the maintenance of the enterprise, the rendering of services for which operated, the sale of merchandise, the production and disposition of commodities produced, and the collection of the revenues.

Ordinance

A formal legislative enactment of the city carrying the full force and effect of a law within the city. An ordinance has more legal formality than a resolution, which has lower legal status. Enactment of ordinances is often specified or implied by the City Charter. Revenue – raising measures or assessment of fees and fines are normally established by ordinance.

Purchase Order (PO) A document issued to a vendor to deliver specified merchandise or render a

specified service for a stated price. Outstanding purchase orders are called

encumbrances.

Rating An independent evaluation to determining the credit-worthiness of the city. The

City has received an "AA+" rating from Standard & Poor's.

**Reserve**An account used to indicate that a portion of fund equity is legally restricted for a

specific purpose or not available for appropriation and spending.

**Resolution** A special or temporary order of the city that does not carry the full legal force of

an ordinance.

**Retained Earnings** An ownership account reflecting the accumulated earnings of a proprietary-type

fund.

**Revenue**The yield of taxes and other sources of income that the city collects and receives

into the treasury for public use. For those revenues which are recorded on the accrual basis, this term designates additions to assets which: (a) do not increase any liability; (b) do not represent the recovery of an expenditure; (c) do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets; and (d) do not represent contributions of

fund capital in enterprise and internal service funds.

**Revenue Bond** A type of bond backed only by revenues generated by specific project or

operation.

**Sinking Fund** See Debt Service Fund.

**Special Revenue Funds** A fund used to account for the proceeds of specific revenue sources (other than

special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditure for specified purposes. An example is the Hotel

Occupancy Tax Fund typically maintained by cities.

**Tax Collection** Property taxes for the City of Webster are consolidated with and collected under

contract by the Harris County Tax Collector.

**Tax Levy**The total amount to be raised by general property taxes for purposes specified in

the tax levy ordinance.

**Tax Rate** The amount of tax levied for each \$100 of assessed valuation.

TCEQ Texas Commission on Environmental Quality – The state unit similar to the EPA

with additional regulatory authority.

**Transfer**All inter-fund transactions that are not loans, reimbursements or quasi-external

transactions are classified as transfers. The typical operating transfers reflect ongoing operating subsidies between funds. For example, the Utility Fund is assessed an administrative support charge by the General Fund. The Utility Fund records an operating transfer expense and the General Fund records an

operating revenue transfer.

**W.E.D.C.** Webster Economic Development Corporation. A component unit of the City.
